

WorkForce DS-780N

Intelligent, secure business scanner with built-in networking and smart features for fast, high-volume scanning and circulation.

The WorkForce DS-780N is Epson's most intelligent business scanner yet, an interactive sheet-fed touchscreen model with built-in networking to make sharing documents easy, and a host of innovative features to ensure maximum security, control and document-handling versatility.

Fast, high-volume scanning

The DS-780N is designed for high-volume network scanning, with a 100-sheet automatic document feeder (ADF), very fast colour scanning speeds of 45ppm/90ipm at 300dpi, and USB 3.0 to enable direct-to-PC connection.

Smart features improve workflow

Innovative features make scanning easy, including industry first slow mode¹ for delicate documents and double-feed detection skip to allow scanning of items such as envelopes and documents with Post-its. An intuitive colour LCD touchscreen panel makes scanning easy, and allows job creation without accessing a computer.

Built-in networking and security features

The DS-780N with built-in networking is the perfect solution for creating a scanner fleet. Epson's Document Capture Pro 2.0² software offers complete control and security, allowing job, group, device and access protocols to be managed centrally. User authentication can be enabled via pin code, third-party IC card or user directory (LDAP), with a lockable control panel to prevent tampering. Pre-defined job profiles help ensure scans are sent to the correct locations.

Usage reports and maintenance alerts

Using Epson Device Admin or Document Capture Pro Server, the DS-780N can alert the administrator if it needs maintenance, and provides detailed usage reports showing which devices are used most and how many scans they've made, for effective fleet management.

DATASHEET

KEY FEATURES

- **Built-in networking**
Quick, easy connection and setup with IC card and LDAP login
- **Fast, high-volume scanning**
100-sheet ADF and 45ppm scanning at 300dpi
- **Superior security and control**
Central device and job management and lockable control panel
- **Innovative workflow features**
Industry first slow mode and double-feed detection skip
- **Colour LCD control panel**
Intuitive touchscreen controls for easy job processing

PRODUCT SPECIFICATIONS

TECHNOLOGY

Scanner type	Sheetfed Scanner
Scanning Resolution	600 dpi x 600 dpi (Horizontal x Vertical)
ADF Minimum Document Size	50.8 mm x 50.8 mm (Horizontal x Vertical)
ADF Maximum Document Size	215.9 mm x 6,096 mm (Horizontal x Vertical)
Paper Formats	A4, A5, A6, B5, B6, Letter, Postcard, Business cards, Plastic cards, Legal, Executive
Colour Depth	Input: 30 Bits Colour / 10 Bits Monochrome , Output: 24 Bits Colour / 8 Bits Monochrome
Ultrasonic Sensor	Yes

SCANNER

Light Source	ReadyScan LED technology
--------------	--------------------------

SCAN SPEED

Scanning Speed	Monochrome: 45 pages/min - Colour: 45 pages/min measured with size: A4 , resolution: 200 / 300 dpi, Monochrome: 90 image/min - Colour: 90 image/min measured with size: A4 , resolution: 200 / 300 dpi
----------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

PAPER / MEDIA HANDLING

ADF Paper Setting Capacity	100 Sheets
Reliability Daily Duty Cycle	5,000 pages
Duplex Scan	Yes

SCANNING FEATURES

Features	Skip blank page, A3 stitching, Punch holes removal, Automatic de-skew, Automatic multi-document recognition, Dual Image Output (Windows only), Auto-rotation, Text enhancement, Unsharp Mask (USM), Descreening, Automatic Folder Creation, Barcode Recognition, Full Zonal OCR
Output formats	JPEG, TIFF, multi-TIFF, PDF, searchable PDF, secure PDF, PDF/A, PNG
File compression features	Hardware JPEG compression, TIFF Compression (JPEG(7) , CCITT G4, LZW), PDF Compression
Advanced document integration	E-mail, FTP, Microsoft SharePoint®, Print, Web folders, Network folders

CONNECTIVITY

Interfaces	USB 3.0, Ethernet Interface (1000 Base-T/ 100-Base TX/ 10-Base-T)
Network Interface Panel / Unit	Built-in
Ethernet settings	10BASE-T / 100BASE-TX / 1000BASE-T / Full-duplex / Half-duplex
Protocol support	TCP/IP, DHCP, DNS, SNMP, SLP, HTTP

OTHER

Warranty	12 months On-site service Optional warranty extension available
